14th March 2025

Year 2 Chocolate Workshop – Monday 24th March 2025

Dear Families

As part of our learning about chocolate this term, we are hoping to have our very own chocolate making workshop. This will be a morning of Design and Technology activities, building on the work completed throughout the term on our theme of cocoa. This will be an exciting experience which brings the children up close to the way chocolate is made and decorated.

We would like children to bring in their own moulds from home (they can be anything, for example an ice cube tray) that they will use to take their product home in. Please name this as they will be bringing them home that day.

We are asking for parent volunteers to help with this workshop. If you have completed the training, then please let your child's class teacher know if you can help. It will be for the whole of the morning and you will be working with children from both classes to create their unique chocolate bar.

There will not be a charge for this workshop as it is part of the Design and Technology curriculum for the children.

Thank you very much for your support.

Yours sincerely

Miss Rickard
Year 2 teacher

Mrs Harris
