Year 2 Walk to Crowborough Country Park

Dear Parents/Carers

As part of our learning on 'How can I help my community and planet?' in Term One, we are planning to walk the children to Crowborough Country Park on Wednesday 2nd October 2024 in the morning.

This will be an exciting experience, which offers the children an opportunity to learn about the different habitats within the park. We will be looking for habitats and the animals that might live there. We will also be observing any signs of seasonal change.

On the day the children will wear school top and school jumper, but they can wear joggers or similar trousers as we will probably get a bit muddy. Please can you send them in wearing appropriate footwear, either trainers or wellington boots as these are likely to get muddy and bring their school shoes to school in a bag so that they can change into these when we return in time for lunch at school. Please ensure they bring a coat to school on the day and provide them with a small rucksack so that they can carry their water bottle with them and any work we will be completing on the visit.

Last year we had to cancel this trip for the children due to lack of parent volunteers and it would be a shame if we had to do this for your children. If you have completed the volunteer training we will be asking for volunteers in a separate letter. If you would like to volunteer on future trips then please contact to the office to find out when the next training for school volunteers will take place so that you can join us.

Thank you very much for your support and please contact your child's teacher if you have any questions about this offsite visit.

Yours sincerely

Mrs Harris
Y2 teacher
